It may be tempting to get in touch or contact with family and friends keep in mind that their safety is just as important as your own. Maintain Social Distancing. It is perhaps single handedly the only way we can stop this virus from spreading. Use social mediums to communicate.

Keep checking in on your family and friends. Check in on people you know are alone. Loneliness can cause severe deterioration of health. Remember mental health is just as important as physical health.

Work from home. Conference calls can help in maintain your work flow. Avoid meeting in clusters. Dont let your work cost you your life. It's a great way to keep busy and to check in on your peers at the same time.

Remember to maintain 6 Feet (2 Meters) of distance at grocery stores and chemists. Be patient.

Thankyou to our doctors working on the front line
risking their lives to save our lives.

Thankyou to those who are carrying out intensive search and
developing vaccines

Thankyou to those who are carrying out tests for the general
public.

Thankyou to our heroes.

Thankyou to those who are mindfully disinfecting and keeping places of
contact sanitised, disinfected and clean.

Old age homes are experiencing more deaths due to loneliness and inactivity
than corona virus. Thankyou to the doctors and nurses at old age homes who
are doing everything they can to prevent this from happening.

Thankyou to generations of nurses and doctors who have come out of
retirement, those who are currently working and the medical students
who have volunteered to protect and care for those in need.
