ABOUT US

We at S4 Healthcare Pvt. Ltd. are manufacturers of disposable healthcare products based in Mumbai, India with a state of the art manufacturing facility in Vasai (E), Maharashtra. We have been leading manufacturers, exporters and suppliers since 2006 for an exclusive collection of Disposable Healthcare Products. While we specialise in Non-Woven products a range of what we offer include Surgical Face Masks, Caps, Shoe covers, Gloves, Face Shields, Goggles, Protective Apparel, Drapes, Disposable Protective Kits, Aprons, Bed Linens and Pillow Covers, Adult Diapers, Under Pads and more.

Owing to the compatible and efficient applications and purposes of our products for medical and industrial use we at S4 Healthcare maintain at the core of its functions to provide safe products with innovation, comfort and quality. We have developed a trusted image in the market under the leadership of our highly experienced and skilled team. We follow a customer centric approach, keeping in mind their functionality and purpose within their industries. They are manufactured with utmost care under stringent conditions, adhering to ISO 9000:2015, ISO 13485:2016, WHO GMP, BIS, FDA and CE certification bodies ensuring the total quality of our products and production process. With a great client network of Hospitals, Corporates Customers & Dealership networks the company is poised to introduce many more products in the healthcare segment.

Wash fingernails
and fingertips

Rinse hands

Dry with a
single use towel

Use the towel
to turn off the faucet

Your hands are clean

It may be tempting to get in touch or contact with family and friends keep in mind that their safety is just as important as your own. Maintain Social Distancing. It is perhaps single handedly the only way we can stop this virus from spreading. Use social mediums to communicate.

Keep checking in on your family and friends. Check in on people you know are alone. Loneliness can cause severe deterioration of health. Remember mental health is just as important as physical health.

designed by freepik

Work from home. Conference calls can help in maintain your work flow. Avoid meeting in clusters. Dont let your work cost you your life. It's a great way to keep busy and to check in on your peers at the same time.

Remember to maintain 6 Feet (2 Meters) of distance at grocery stores and chemists. Be patient.

Thankyou to our doctors working on the front line
risking their lives to save our lives.

Thankyou to those who are carrying out intensive search and
developing vaccines

Thank you to our heroes.

Old age homes are experiencing more deaths due to loneliness and inactivity
than corona virus. Thank you to the doctors and nurses at old age homes
who are doing everything they can to prevent this from happening.

Thankyou to those who are carrying out tests for the general
public.

Thankyou to generations of nurses and doctors who have come out of
retirement, those who are currently working and the medical students
who have volunteered to protect and care for those in need.

Airline Workers : Pilots, Air-hostesses, In-flight & Off-flight staff are ensuring that requirements for various essential commodities are reaching counties in need globally.

Hospitality Workers : Chefs, Waiters, Delivery agents, Hotel staff are working beyond their entailed duties to ensure people within their cities are fed and are receiving any essentials they need.

Construction Workers : Builders, Architects, Infrastructure technicians and engineers are strategising and putting up temporary hospitals and isolation wards, testing booths to ensure treatment and accommodation is available for as many infected people as possible.

Government Officials : Legal Authorities, Judiciaries, Government panels, Ministers, Presidents, Various Parties are imposing and taking precautionary measures with immense research and strategy for the safety of their nations and global health every day.

Armed Forces : All Air Force, Army and Police Officials are putting their life on the line to keep laws in place and protecting the population from those who violate or do not understand the significance of social distancing. They are working around the clock to contain the movement of

It is important to include all the people working tirelessly around the clock for the well being of our world in our prayers and in giving thanks. They too are risking their lives every second of every minute of everyday to ensure you still have yours. With due respect please comply with and co-operate in helping yourself and the people around stay safe.

Healthcare Providers : Manufacturing units, Pharmaceutical companies, their Labour and Administration workers, Delivery agents who are putting their lives on the line to travel back and forth to their factories in order to produce protective equipment such as disposable medical products (Masks, Gowns, Gloves etc) and Medicines to fulfil government and global requirements are operating 24/7 and ensuring you get quality products and in immense quantities.

Entertainers : Musicians, Artists, Bloggers, General Public are ensuring that lockdowns are filled with healthy activities and entertaining sources to keep you busy and mentally healthy. So do not forget to thank your friends, your peers, entertainers and yourselves.

Navy Personnel : Navy officials are risking and supporting us all by coming in direct contact with infected patients by sheltering them in ships that have temporarily been converted into isolation and hospital wards.

Shopkeepers : Chemists and Grocery Stores are ensuring people receive the essential items they need while taking care of anyone in need around them. They too are risking their lives everyday while catering to crowds of people tirelessly.

Journalists : News Channels, Writers, Newspapers are making sure they keep you informed 24/7 and are helping the general public differentiate between and eliminate any fake news.

Healthcare Workers : Doctors, Laboratory staff, Research units, Nurses, Pharmacists, Hospitality staff in hospitals, Security, Volunteers, Medical students, Hospital Procurement units are all directly in line of risk. They are working on the front line around the clock to ensure the safety and recovery of infected and affected patients while checking and analysing the remaining general public. Those who are working on vaccinations and those who are studying the virus for more information for better preventive measures and the immense amount of supporting and assisting staff.
